Biological Sciences III is a three story concrete building with green trim and located across from the BioSci Starbucks. It is #519 circled in red on the map below. You can park in the small lot (Lot 13) next to the building with an AR permit or in the numbered Pay by Space aisles. The Yassa Lab is located in Suite 1400 on the first floor of BSIII, through the double doors next to the elevator when you first walk in the lobby, and then again through the doors on your right.
